Quote your medically underwritten groups
Populates any carrier app with one enrollment
MIS will assist you through the entire process

OTHER OFFERINGS

Healthcare costs are spiraling out of control. Employers who previously offered a group health benefit are no longer offering them. Other employers have never been able to offer a benefit program due to budget constraints. Employers would like to offer a benefit package to attract new employees and retain current employees without breaking the bank. We have two great options for these groups.

DEFINED CONTRIBUTION

Defined contribution plans are available for 2 or more lives, with no participation requirements and \$15 minimum employer contribution. Ancillary products include dental, vision, STD/LTD and up to \$100K guarantee issue life.

VOLUNTARY PLANS

One size does not fit all... that is why the ancillary benefits an employer offers may not meet the needs of all the employees. Voluntary benefit packages can be an attractive alternative for current and future employees.

MIS can help you with the entire sales, enrollment and installment process on any of our products. We are just a phone call away.

May Insurance Services, Inc.

"Service" is more than just our name
